

WORK SERIES

#INSTRUMENTATION AND CONTROL CABLES

Madison is proud to announce the release of Garland's new price-competitive Work Series range of Instrumentation and Control cables. Featuring high purity copper conductors with 90°C PVC insulation and jackets, these cables offer high quality at a competitive price. Rated to 150V, this new range is overall screened and is therefore an ideal choice for conventional relay logic or 20mA instrumentation and control circuits in most industrial applications.
