

Security Cable

#CCTV #Data&Comms #Composite

For applications requiring metric rather than AWG conductors, our own Garland range, is well known in the industry. The 4 and 6 core cables available in either 7/0.2mm or 14/0.2mm can be used for connecting security sensors and monitors whilst the range of speaker cables in 14/0.2mm or 24/0.2mm can be used to wire bells and sirens.
